

## BD-135 Eco-Friendly Bird Deterrent

### Example Of Possible Mitigation Solution: Lower Mid-West Region

**First Year:** (6) Applications, combo of pouches/cubes, placed fairly close together - 4 ft.

**Second Year:** (4) Applications, cubes only, fewer needed than year 1, spaced further apart - 6 ft.

**Third Year:** (4) Applications, cubes only, fewer needed than year 2, spaced even further apart - 8 ft.

#### EARLY SPRING

MARCH

**Pouches:** Birds leave  
**Duration:** 4 –6 weeks

#### LATE SPRING

APRIL, MAY, JUNE

**Cubes:** Birds stay away  
**Duration:** 3 months

#### SUMMER

JULY, AUGUST, SEPTEMBER

**Cubes:** Birds stay away  
**Duration:** 3 months

#### FALL

OCTOBER, NOVEMBER, DECEMBER

**Cubes:** Birds stay away  
**Duration:** 3 months

#### EARLY WINTER

JANUARY

**Pouches:** Work in cold weather, but not as robustly. Cubes freeze.

**Duration:** 1 month

#### LATE WINTER

FEBRUARY

**Pouches:** Work in cold weather, but not as robustly. Cubes freeze.

**Duration:** 1 month
